

Compu-Log Ultra-Lite Model V

Product Description

- ⌘ The Compu-Log Ultra-Lite Model V comes equipped with all software and hardware necessary to log, edit, process, print or interpret with the complete list of Century tools. No additional cost is required to add logging tools except the cost of the tool.
- ⌘ The Ultra-Lite is designed to be easily transported to and from a well site or into and out of a logging truck. The active Matrix screen and keyboard fold up inside an easily hand carried case.
- ⌘ The Ultra-Lite comes complete with a **Multi-Protocal Tool Card, Visual Compu-Log Software** and Microsoft Windows 98.
- ⌘ With the exception of the Multi-Protocal Tool Card the Ultra-Lite utilizes industry standard PC computer components and is therefore easily serviced by local computer technicians.
- ⌘ The Visual Compu-Log software provided with the Ultra-Lite prints log data via any Windows compatible color or monochrome printer.
- ⌘ The Ultra-Lite is provided with on-line HELP which includes instructions on the operation of the Log and Display programs. Additionally the extensive help program includes specifications and user guides on all of Century's logging tools and equipment.
- ⌘ All software and hardware required to log, print, process, or interpret data from any of Century's tools is included in the Ultra-Lite. There are no additional items to purchase when additional tools are added or rented.
